ABOUT ME!

Hi, my name is Mohamed "Mo" Awale. I am a Motion Graphic Designer/3D Generalist who is based in North West London. When I first started, I worked towards becoming a Graphic designer. But along the way I developed skills in 3D and moved towards Motion Graphics and 3D with a dab of 2D animation.

Now with passion and determination (and some help from some sugary snacks and drinks.) I intend to challenge myself to be a better motion designer/ animator through client or self made projects.

I know this sounds like a corny superhero intro but I am a hard working, passionate artist who is eager to learn and grow. Also, i tend to be a funny guy 50/50 present of the time (varies from person to person).

Information on my showreel and portfolio and how to contact me can be seen below.
